JULY, 2018

**HELP!!** We need someone to take over our membership position, Jim Davis is retiring at the end of the year. We need someone to start now and be on board when the membership frenzy hits the beginning of the year. If you're interested please call Jim Davis, 818-893-9658.

## The start of the windmill project at Cal Poly Photos by Bob Smith

## President's Report By Ron Haskell

I hope you all are enjoying the longer days and warmer weather of summer. It seems like I am able to get a lot more done. Several projects are progressing for the club. The windmill at Cal Poly is ready to be stood up, the hayride wagon is getting a solid platform to support the floor, and more donations are rolling in. Now to find a place to keep them.

The past two weekends were the spring show at Vista. It looks like to me the crowds are getting smaller and smaller, could it be the \$5 parking and \$12 entrance fee? Also, it doesn't seem like they advertise the show very much. However, they did get the saw mill up and cutting logs. That was fun to watch and drew a good crowd. Now if they can just keep the equipment out of the elements so it doesn't start deteriorating like gas engine row.

All this makes me wonder how WAPA with 170 members can support a show grounds when Vista with over 1,000 members can't do it. As I frequently say "There is always hope".

As you travel on your vacations this summer be safe and enjoy. I hope to see you at the next meeting or show.

## Friends of Steve McQueen Car Show By Rob Skinner

On June 2, WAPA put on another great display at the Friends of Steve McQueen Car Show at the Boys Republic. The theme this year was the movie Bullitt, in conjunction with the fiftieth anniversary of the movie's release.

There were slews of Bullitt Mustangs on display, as well as other race and collector cars. The few pictures shown here can hardly do justice to the quality of this show. If you missed this year, you'll want to mark your calendar for next year.

The WAPA display was better than ever. Because of the greater attendance this year, the entry gate was pushed out, and our display was moved out accordingly. Now we occupy both sides of the road. This allows more frontage for spectators to view our display, without getting bunched up. The biggest bonus from our location is that everyone who comes through the gate gets to walk past us.

WAPA's participation in this event is greatly appreciated. The show raises funds for the Boys Republic, helping educate and guide kids toward becoming productive members of our society. Thanks to everyone who came.

### Old Fashioned Day in the Park, Marina del Rey

By Ken Evans

It is time again for the Marina del Rey Show. On the fourth Sunday of July, WAPA supports the Classic Yacht Association's Old Fashioned Day in the Park at Marina del Rey by bringing our engines and equipment and joining various car clubs for a nice day at the seashore. The show is held at Burton Chace Park, right at the docks on the western end of the Helmsman statue.

So here are the particulars:

What: Classic Yacht Association's 42nd Annual Old Fashioned Day in the Park

Where: Burton Chace Park, Marina del Rey

When: Sunday, July 22, 2017

Time: Set-up begins at 7:30 a.m., our vehicles out of area by 8:30 a.m. The show starts at 10:00 a.m. and closes at 3:00 p.m.

Parking: There will be limited free parking inside the park as we have done last year. No trailers unless it's part of the display. Otherwise you will have to pay to park far away at the boat launching ramp.

Directions: Burton Chace Park is at the end of Mindanao Way just west of Lincoln Blvd., in Marina del Rey. One way there is to go west on the Marina Freeway, Cal 90, from the 405 freeway and turn left on Mindanao Way. Go to the end and at

the turn around there is a gate and there will be someone from the Yacht Club to let us in. Follow the grassy road through the park to the paved section and then left to the southwest corner of the park. There is a grass knoll with a statue of a Helmsman. This is where we set up. Bring your own supplies. Heads up: even though it's 100 or so degrees at home, you might need a coat next to the water.

For information call Ken Evans at 626-683-8372.
