BRENTWOOD SCIENCE FAIR

By Ken Evans

Photos by Larry Evans

The Brentwood Science Fair was held on Sunday, June 6th, 2010 under an early overcast sky, that became clear and sunny most of the day. WAPA had a good group of folks starting with Jim Davis and his 1922 Jaeger rated at 3 hp and then Tom Millett with a 2 hp 1925 Economy and pump jack pumping water. Ken and Larry Evans followed with a 1 3/4 hp 1915 air cooled United belted to a Duro water pump with the mystery water supply system. The bucket never fills or empties. The engine ran fine after cleaning the fuel line. Hey, it ran the day before. So what else is new? Joe Siddons brought his hand powered Brown

Chipmunk rock crusher. The kids sure had fun smashing rocks. Bob Smith exhibited a Bean Sprayer pump being run by a 2 1/2 hp Novo and Gene Cerveny had a 3 hp Novo hooked up to a Rube Goldberg machine that made the World Turn. Thanks to all of you and we were greatly appreciated by the sponsors.

UPCOMING EVENTS

Board of Directors Meeting July 9, Friday 7:00 p.m.

The WAPA Board of Directors meeting is held at Heritage Park in Santa Fe Springs. All members are welcome and encouraged to attend. If you have ideas on how WAPA can become a better club, or if you just want to come and join in the festivities, please join us.

Heritage Park Rd. is located just south of Telegraph Road just west of Norwalk Boulevard. The meeting is held in the train depot next to the steam locomotive.

Marina Del Rey Show at Burton Chace Park July 25, Sunday Show 9:30 a.m. – 3:00 p.m. Setup begins at 7:30, must be set up by 8:30

It is time again for the Classic Yacht Association's Old Fashioned Day in the Park. On the fourth Sunday of July, WAPA supports the Classic Yacht Association's Old Fashioned Day in the Park at Marina del Rey by bringing our engines and equipment and joining various car clubs for a nice day at the seashore. The show is held at

Burton Chace Park, right at the docks on the western end by the Helmsman statue.

Parking is not free. There is a public pay lot nearby. NOTE: Do not park trailers in this lot. Use the boat launch ramp lot if you bring a trailer that needs to be parked away from the show area. The entrance is from Admiralty Way. It is recommended for this show to not bring equipment on a trailer, unless it is show equipment on a small trailer that is part of the display. Members with handicap parking can park in the small lot at the entrance to the park. Other members can park there, but you have to feed the parking meter money during the day.

Burton Chace Park is at the end on Mindanao Way just west of Lincoln Blvd. in Marina del Rey. One way there is to go west on the Marina Freeway, Cal 90, from the 405 Freeway and turn left on Mindanao Way. Go to the end and at the turn around there is a gate and there should be someone from the Yacht Club there to let you in. Follow the grass covered road thru the park to the paved section and then to the south west corner of the park. There is a grass knoll with a statue of a Helmsman. This is where we set-up. Bring your own supplies.

For information, call Ken Evans at 626-683-8372 and leave a message if he is not there.
