# HIT & MISS

Journal of the Western Antique Power Associates

## PRESIDENT'S MESSAGE

I love daylight saving time, not just the turning of the clock ahead, but the part of it being light after the dinner hour. It gives me more time to work on projects, the part of it being dark on the early mornings going to a show, not so much.

This past weekend was the STEAM show at Fair Plex, they predicted 20,000 in attendance, I didn't count but there was a mass of youngsters in front of us most of the day. Sometimes more than 20 kids waiting to ride the pedal water pump. The report was Saturday was much smaller, but still a good show and funds for the club.

Work on tractors at Cal Poly continues, and the new tool box and donated tools make the work much easier. We are still needing a few more tools and will get a list out shortly of our needs. A big thanks to all who have donated.

Shows will start coming fast and furious, so get those engines ready, hope to see many of you at the Highland Citrus Festival.

## MEMBER PROFILE: DAVE PASILLAS

Dave has been a WAPA Member since 2014 and most recently took on the position as Membership Director. An Air Force Veteran of 22 years service, Dave calls La Mirada his home and is currently enjoying the good life as a retiree. Besides participating in local WAPA shows with his 1932 Baker Monitor, he enjoys hitting the open road in the RV with his wife of 45 years, Kathy, and spending as much time as possible "tinkering" out in his garage. His other interests include photography, woodworking and taking on a DIY project or two around the house.

# UPCOMING EVENTS

BY ROGER HAHN

## Chino Corn Feed Run

April 13th, Saturday

Setup: 7:00 a.m.

Showtime: 8:00 a.m. to 3:00 p.m.

This is the 17th annual Corn Feed Run Car Show & Cruise (although WAPA will probably not be doing any cruising).

The Corn Feed Run has always been a good event for WAPA to participate in. This show is an annual fundraising event for the Kiwanis of Chino.

There is always a lot of cars, trucks and spectators. As in the past, the WAPA display area is the parking lot on the south side of City Hall. Central Avenue will be blocked, so take Fifth Street, turn east on Chino Avenue, and enter the lot just before Central. Parking will be adjacent to our display area. Bring shade and drinking water as needed. Engine cooling water will be available. Lunch will be provided to WAPA exhibitors.

## Cool Cruise Car Show

April 20th, Saturday

Setup: 7:00 a.m.

Showtime: 10 a.m. to 4 p.m.

This is a new event for WAPA. The downtown streets of 3rd and D will be closed in Old Town La Verne for this show saluting S. California car and truck clubs.

WAPA has been highlighted on the show's flyer as a "special display of antique machinery." The rock and roll band The Answer will be performing which promises to bring out lots of spectators. The logistics of this event were not available a press time. I will be sending out an email blast prior to the show for directions and details. Participants will need a parking pass to enter the show. I will be handing out the passes at the next board of directors meeting.

This is a paid show for WAPA. The organizers of this show are paying for our insurance costs as well as making a donation to WAPA. Let's have good participation so the organizers will invite us again.

## Los Angeles Live Steamers

April 28th, Sunday

Setup: 7:00 a.m.

Showtime: 10:00 a.m. to 3:00 a.m.

The LA Live Steamers have invited WAPA back for their 6th annual Rail & Road Event. The interior of the park will only be open to the Steamers, WAPA, vintage car, truck and motorcycle owners. The public will board the trains from the outside, and view our machinery as they ride the trains. WAPA is located in a very nice show area that is on shaded grass. The showgrounds are adjacent to Griffith Park and Travel Town, the address is 5202 Zoo Drive, Los Angeles. From the 134 freeway, exit on Forest Lawn Drive. Go east on Zoo Drive. Pass Travel Town and the LA Live Steamers, and turn into the parking area to the east of the showgrounds. We will set up and then park our trucks and trailers in the lot. Everyone really enjoyed this show last year. Be sure to arrive at 7:00 a.m., WAPA gets to set up before the show cars and trucks arrive.

## Global Sweeper Factory Tour Hosted by Bob Smith

A tour of the Global sweeper factory is set for May 18 at 9:00am. You will witness the manufacturing of a street sweeper from beginning to end. Meet at the plant in San Bernardino at 5405 Industrial Parkway at 9:00am. Coffee and donuts will be provided. Closed toed shoes are required. Safety glasses and ear plugs will be provided.
